

“Three-Peat!” The HealthCare Initiative named “Worldwide Office of the Year” for the third year in a row

(March, 2015, Kona, Hawaii)

Once is an occurrence, twice is chance, but three times? That's said to be a pattern. Different location, same result. The HealthCare Initiative took home the trophy for the “Worldwide Recruiting Firm of the Year” for the third straight year at the annual global award gala hosted by industry giant MRI Network.

“To win this award once is something many strive for yet never achieve. To win it three time in a row speaks volumes about our team, their work ethic and their drive to help those they serve.” Said Sean Milius, CEO of The HealthCare Initiative.

Over 600 offices make up the pool of eligible recruiting firms for the annual MRINetwork Pacesetter Award Ceremony.

About The HealthCare Initiative: Founded in 1974, The HealthCare Initiative is a third generation family owned executive search firm located in Centennial, CO. They specialize in the identification, attraction and delivery of talented healthcare professionals throughout the United State
